## Special Announcement

Purdue University has started a new Center for Global Research and Intervention in Infectious Diseases (C-GRIID; <http://www.purdue.edu/dp/C-GRIID/>). A symposium was held on January 21 to kick off the Center and featured presentations by several faculty including Drs. Amass, Mittal and HogenEsch. The goal of the Center is to enhance infectious disease research across the West Lafayette campus by establishing interdisciplinary collaborations and competing for large scale multi-investigator grants. The Center is led by Drs. Richard Kuhn and Harm HogenEsch with administrative support provided by Sydney Kisseberth. Faculty interested in joining the C-GRIID should e-mail Sydney Kisseberth ([skissebe@purdue.edu](mailto:skissebe@purdue.edu)) and provide a copy of their CV, a brief biographical sketch and a short list of expertise/research interests.
